

## **Amico consortium achieves financial close on Highway 401**

### **Expansion Project**

**Toronto Ontario- April 29, 2019:**

West Corridor Constructors (WCC) is a consortium, composed of Aecon, Parsons and Amico, that was assembled to design, build and finance the Highway 401 Expansion Project (\$639.8M). The client is Infrastructure Ontario and the Ministry of Transportation Ontario (MTO). Final design will begin immediately, and construction is expected to commence in the fourth quarter of 2019 with anticipated substantial completion in the fourth quarter of 2022.

The Project involves the reconstruction and widening of 18km of Highway 401 from the Credit River in Mississauga to Regional Road 25 in Milton. The Project also includes bridge reconstruction and replacement, structural culvert replacements, drainage and utilities work as well as environmental protection initiatives.

Dominic Amicone, President and Founder of Amico says *“Being selected for this Project is evidence of Amico’s dedication and growing reputation in the P3 sector. Amico’s track record of being a strong and reliable partner that can deliver results on large scale infrastructure projects will be furthered by its involvement in this Project. The specific works associated with this Project will further add to Amico’s experience and expertise in the P3 market while expanding existing business partnerships. We look forward to working with Aecon and Parsons on delivering this significant Project for Infrastructure Ontario, the Ministry of Transportation of Ontario and ultimately to the citizens of Ontario.”*

More about Amico

Amico is an industry leader with over 30 years of large-scale infrastructure and complex design-build projects in the province of Ontario. With a fully integrated workforce, Amico implements a solutions and innovation based approach to serving customer needs and consistently produces infrastructure that is of lasting value to the community it serves.
